Your Annuity Payout

A single premium is payable in advance at the start of a contract. Your annuity (for annual frequency) will be calculated as follows:

- Annuity Payout = Applicable Annuity Rate * Purchase Price

The purchase price referred above excludes applicable taxes and other statutory levies if applicable.

Your annuity will be payable in arrears at the end of chosen annuity payment frequency from the date of purchase of the plan. This implies that

- For yearly frequency the annuity payout will be after one year from the purchase.
- For half-yearly frequency the annuity payout will be after 6 months from the purchase.
- For quarterly frequency the annuity payout will be after 3 months from the purchase.
- For monthly frequency the annuity payout will be one month from date of purchase.

5 Purchase price is exclusive of GST & other statutory levies. Please check for prevailing annuity rates at the time of purchasing policy.

6 Monthly Annuity = Annuity Rate*96%*Purchase Price/12.

Annuity instalments for frequencies other than annual shall be as specified below:

Frequency	Annuity Instalment (per frequency)
Half-yearly	98% of Yearly Annuity x 1/2
Quarterly	97% of Yearly Annuity x 1/4
Monthly	96% of Yearly Annuity x 1/12

Note: Yearly Annuity refers to the annuity paid in respect of annual frequency.

Top Up Option

The plan offers a choice to increase your annuity payouts through top-up option.

- The additional annuity amount payable is based on the top-up amount and the annuity rates prevailing at the time of top-up.
- Age considered for annuity rate would be the age at the time of availing top-up.

Am I eligible for any discounts?

Discounts in the form of higher annuity rates for Higher Purchase Price will be offered.

Please note that All Joint Life rates are unisex.

For all Single Life policies, the rates offered to a female life will be equal to a male life with a three year setback.

Death Benefit

The Death Benefit will vary depending on the annuity option selected by the policy holder. The table below sets out the Death Benefits for different annuity options:

S No.	Annuity Option	Death Benefits

GA stops accruing at the end of the deferment period.

The purchase price referred above excludes applicable taxes and other statutory levies, if applicable.
